North West Ag Services – Anti Cancer Day

Sunday, 28th July 2024

A fantastic day of golf, and fundraising for the fight against cancer took place on Sunday. Pretty much perfect weather greeted an outstanding field of 61 golfers that made up 16 groups of Ambrose golf. An outstanding amount of just over \$3000 was raised for the fight against cancer.

It was really encouraging to see more and more youngsters coming along and having a hit, even better when you see one of them chip in for birdie from 20 meters off the sand/green like I saw on the 18th.

The winners were the group of Jason Wills, Tim Vine, Liam Vine and Don Hahnel with a net score of 58 1/4. Runners up on countback was the group of Scott Brady, Nathan Wilton, Brendan Dean and Katie Dean also with a net score of 58 1/4. The unfortunate NAGA winners the young group of Darcy Plant, Adam Grace, Nate Singleton and Rory Nihill who had a net score of 67. But it was good to hear the boys did manage a birdie a hole, so stick at it lads, you will get there.

Nearest the pins were Don Hahnel on the 2nd, Peter Davey on the 5th, Paul Dean on the 14th and Steve Simmonds on the 16th. Longest drive on the 9th was Brad Hallam for the men's, and Katie Dean for the Ladies. Unfortunately "Jackie" Cooks drive on the 9th wasn't quite long enough to get the prize, but nice try.

Days like Sunday can't happen without the help of so many people who make it happen, first of all a big Thankyou to Jason Wills and Kate Nixon of North West Ag for all of their organising, and also thanks to North West Ag for their sponsorship. Thanks to Lynne Rogers for all her work in the kitchen, and also to Bev Manly who helped out there. Thanks to Loz Wills and Kate Nixon for cooking the barby, and Ben Nihill for driving the drink cart.

This Sunday we will do it all again with the Greggs electrical day. It is a 4bbb mens and ladies competition along with a singles competition. Assembly is at 10 am.
